✉ ofamotibe@gmail.com ☎ 08164609847  [LinkedIn](#)  [Github](#)  [Portfolio](#)

Passionate and innovative front-end developer with over 2 years of experience in building responsive, user centric web applications. Expertise in modern technologies such as HTML5, CSS3, JavaScript (ES6+), and popular frameworks like React.js. Skilled in translating design mockups and wireframes into efficient, clean, and maintainable code while ensuring browser compatibility and optimal performance. Proven track record of working closely with designers, backend developers, and stakeholders to deliver solutions that exceed customer expectations.

SKILLS

Languages & Frameworks: Tools & Software:

- TypeScript (Advanced)
- Version Control (Git)
- React (Extensive)
- Productivity & Collaboration (Visual Studio Code, JIRA, Slack)
- Next.js
- Agile Methodologies
- Redux
- Project Management
- Tailwind CSS & Material UI
- Mentorship & Leadership

WORK EXPERIENCE

Fincode LTD. *London, United Kingdom* Jul 2024 - Present

Frontend Software Engineer

- Transformed wireframes and mock-ups into responsive, user-friendly interfaces using **Next.js** and **Redux Toolkit**, collaborating closely with UX/UI designers.
- Enhanced application performance by optimizing code, resolving bottlenecks, and improving overall speed and efficiency.
- Implemented secure user authentication systems, integrating backend APIs to support login functionality and seamless data flow.
- Developed reusable components to ensure consistent code structure, improving scalability, maintainability, and overall development efficiency.

GamePride *Lagos Nigeria* Aug 2023 – Jul 2024

Frontend Software Engineer

- Designed and maintained an admin platform using **TypeScript**, **React**, and **Tailwind CSS**, improving performance by optimizing code, resolving bottlenecks, and ensuring responsive, user-centric design.
- Built scalable, reusable components and developed user authentication systems by integrating backend APIs with **React Query** and **Axios**, collaborating with UX/UI teams to

deliver interactive, accessible interfaces.

Lorem Excellentiam *Lagos Nigeria* Jan 2023 – Jan 2024

Frontend Software Engineer

- Developed responsive platforms, including a children's gaming platform and an admin dashboard, using **React.js**, **Material UI**, and **Axios**, integrating APIs for seamless data retrieval and dynamic user interaction.
- Improved user experience through **i18next** internationalization, **Cypress** end-to-end testing, and user role-based authorization, ensuring high-quality, secure, and inclusive applications.

HNG Internship *Lagos Nigeria* 08/2022 - 12/2022

Frontend Software Engineer

- Built and deployed a blog application by translating **Figma designs** into pixel-perfect interfaces with **React.js** and **CSS**, implementing **CRUD operations** by integrating backend APIs for seamless user interaction.
- Collaborated in a remote team using **GitHub** for version control, maintaining detailed documentation, and ensuring smooth coordination with back-end developers and designers.

PROJECTS

Lexlance

An application connecting users to legal practitioners and clients.

- Built secure authentication screens and integrated RESTful APIs for dynamic data retrieval and enhanced user engagement.
- Designed a responsive landing page to improve user experience and interface.
- Implemented real-time chat using **Socket.IO** for seamless communication.

VOLUNTEER EXPERIENCE

Community Training and Development - Nigeria, Jan 2021–Present

- Trained over 3000 people in coding and digital literacy over the past two years

EDUCATION

BSc Mass communication *Olabisi Onabanjo University*

LANGUAGE COMPETENCIES

- English: native language
